

IN THE SPECIFICATION

Please amend the specification as follows:

Please add a paragraph [0146] on page 46 of the originally filed application as follows:

[0146] In view of the above, one or more embodiments of the invention provide an apparatus, method, and computer-readable medium configured to process image data. The computer-readable medium comprises a computer program storage device storing instructions that when read and executed by a computer, results in the computer performing a method for processing image data.
